

## Courses Key-In Guideline - Second Semester - 2022/2023

v1.2023.01.30

### Notes:

1. To be able to do courses key-in, students are required to pay the tuition fee (until the 3rd installment).
2. There is no pre-key-in period for courses offered by the Undergraduate Program in Informatics.
3. The course's key-in period for the Undergraduate Program in Informatics is on Monday, February 13, 2023.
4. The key-in revision period is on February 15-16, 2023.
5. Students are expected to consult with their academic advisor regarding key-in planning.
6. NOTE: Placing the courses into only UIIRAS basket is NOT CONSIDERED as KEY-IN. Make sure the chosen courses are entered into the *Isian* RAS.

### Class of 2021

1. Key-in for Semester 4 courses package, as shown in Table 1, will be executed by the management of the study program.
2. Key-in for the course "Fundamentals of Data Science" (compulsory course) must be executed by students independently.
3. If students have extra credits and are planning to take the fast track, for example: 24 credits, and wish to add courses, they can key-in independently on the designated key-in period (February 13, 2023). The courses that can be taken to fulfill the quota of 24 credits can be seen in Table 2.
